Who wouldn't walk abroad, when she is the proud possessor of a three-piece costume developed in the new klo-ka with the Russian lines that lend both comfort and style?

Just a few soft drapes of Madeleine green drap d'amour, which Madame Bernatti directed to fall in dipping points at the sides, and a panel of matching velvet ribbon, and you have an afternoon frock of individual interest.

We suspect that she took off the short beaver trimmed jacket of her chaine suit so that you might see the crepe de chine which Lanvin also trimmed in soft cording and braid to link it with the skirt and coat.
